Deep-frozen Bakery and Pastry Factory Transfer

We are announcing the transfer of this Bakery and Pastry factory in the process of deep-frozen, fully functional!

Inserted in a property built in 2006, and which has undergone constant improvements over the years in order to adapt to legal and market requirements.

Included in the transfer is all the machinery for manufacturing, packaging, conservation and transport, the formulas, recipes and manufacturing patents, as well as the active customer portfolio, which has more than 200, in the Greater Lisbon and South Bank area. This means that you can immediately start capitalizing on the investment.

This could be your opportunity to become a successful entrepreneur, or to expand your business!
